that they are voters of the ward or town in which such person desires to be registered, and that the statement of the applicant is true.

A male person who becomes a resident of a city or town after the first day of April and desiring to be registered as a voter, shall present to the assessors a statement under oath, that he has been a resident of such city or town for six months immediately preceding the election at which he claims the right to vote, and shall produce before the assessors two witnesses, who shall testify, under oath, that they are voters of the ward or town in which such person desires to be registered, and that the statement of the applicant is true.

If the assessors are satisfied that such statements are true, they shall, in the first case, assess such applicant for his polls and estate and give him a certificate of assessment, and in the second, give him a certificate that he has been a resident in such city or town the six months preceding such election; but in Boston no person shall be assessed as above provided later than the first day of October.

Special meetings for the purpose of assessing any polls which may have been omitted in the assessment of April 1, will be held in the months of October and November.
